McCormick Woods Women's Golf Club - About Us

The only thing better than enjoying a round of golf, is sharing it with other women who love the game as much as you do.

McCormick Woods Women's Golf Club offers a great opportunity for women of any skill level to improve their golf game in a fun and comfortable atmosphere. We organize 10 tournaments a year and have "sweeps" play days on Tuesdays and Saturdays from April through October. All events are handicapped and flighted so everyone competes for prizes with women of similar ability.

Whether you are looking to advance your game or just have fun with a group of terrific women, we enthusiastically welcome you to join our golf club. We are committed to encouraging camaraderie among our members, enhancing your enjoyment of golf and creating memorable experiences for all.

For your convenience the Membership Application form is also attached.
